Innovative technology solutions for **sustainability**

## Abengoa supports the SOMOS campaign

- The company is inviting its employees to participate in SOMOS Day, which takes place tomorrow across the whole of Spain, under the slogan "Together we can change the world".

May 23, 2013. Abengoa (MCE: ABG.B), the company that applies innovative technology solutions for sustainability in the energy and environment sectors, is participating in this year's SOMOS charity campaign, promoted by 35 Spanish NGOs of the Spanish Fundraising Association, which want to thank the 7.5 million Spanish members and donors for their support, cooperation and loyalty.

The campaign, which encourages people to show their commitment to the NGOs by wearing an item of clothing back to front to symbolize that things can be turned around and we can live in a better world, will conclude tomorrow, May 24th, with SOMOS Day under the slogan "Together we can change the world".

In line with Abengoa's commitment to promote the economic, social and sustainable development of the communities in which it operates, the company is therefore inviting all its employees to come together for this event and participate with this small gesture in order to encourage its culture of solidarity.

The participating NGOs include Acción contra el Hambre, ACNUR, Aldeas Infantiles SOS, Fundación ANAR, Anesvad, Ayuda en Acción, Cáritas, Cris contra el Cáncer, Cruz Roja, Entreculturas, Intermón Oxfam, Manos Unidas, Médicos del Mundo, Médicos Sin Fronteras, Plan Internacional, Proyecto Hombre, Save the Children and UNICEF.
