Innovative technology solutions for **sustainability**

Abengoa receives award for most innovative company from 'Cambio Financiero'

- These awards recognize entrepreneurial value and capacity in the world of business and finance.

Seville, November 26, 2012. Abengoa (MCE: ABG), the international company that applies innovative technology solutions for sustainable development in the energy and environment sectors, has been presented with the Most Innovative Company Award by the magazine 'Cambio Financiero', in recognition of its commitment to development and innovation.

Patricia Malo de Molina, Communications Manager of Abengoa, received the award from Manuel Domínguez Moreno, chairman of Grupo EIG de Comunicación, during a ceremony that also featured a speech by the vice-chairman of Grupo EIG, Gorka Landaburu.

In addition to Abengoa, the financial magazine presented awards to other groups and business leaders for their support of the development, growth and international expansion of the Spanish economy under circumstances that require talent, creativity and innovation to encourage development.

Founded in 2008, 'Cambio Financiero' is a monthly magazine that specializes in global companies and the new economy.

About Abengoa

Abengoa (MCE: ABG) is an international company that applies innovative technology solutions for sustainable development in the energy and environment sectors, generating electricity from the sun, producing biofuels, desalinating sea water and recycling industrial waste. (www.abengoa.com)
