

ABENGOA

With the sun... we produce thermoelectric and photovoltaic electric energy

With biomass... we produce ecologic fuels and animal feed

With wastes... we produce new materials by recycling, and we also treat and desalt water to achieve a sustainable globe

With Information Technology... we transform data into knowledge, providing effective operational and business real-time decision making for traffic, transport, energy and environment

With engineering... we construct and operate conventional and renewable energy power plants, power transmission systems and industrial infrastructures
