

# ABENGOA

Innovative technology solutions for **sustainability**

## Abengoa recognized for its role in environment conservation by the Government of Mexico

May 4, 2017 – Abengoa (MCE: ABG/P:SM), the international company that applies innovative technology solutions for sustainability in the energy and environment sectors, has been recognized for the support and interest in the conservation of the environment over the last six years by the Government of Mexico.

Abengoa has contributed to the planting of more than 30,000 trees in zones set aside for the recovery of green areas since 2002, by means of a number of voluntary Reforestation Days which were carried out in Mexico City and the State of Mexico.

This certificate highlights Abengoa's continued commitment to the environment and sustainable development.

### About Abengoa

Abengoa (MCE: ABG/P:SM) applies innovative technology solutions for sustainability in the energy and environment sectors, generating electricity from renewable resources, converting biomass into biofuels and producing drinking water from sea water. ([www.abengoa.com](http://www.abengoa.com)).
