Innovative technology solutions for **sustainability**

Abengoa, awarded on road safety matter at Chile

- The company has been recognized by Mutual de Seguridad of Chilean Chamber of Construction as part of the 2019 campaign Committed to Road Safety

July 14th, 2020 - Abengoa (MCE: ABG/P:SM), the international company that applies innovative technology solutions for sustainability in the infrastructure, energy and water sectors, has been awarded within the framework of a road safety campaign organized by Mutual de Seguridad of Chilean Chamber of Construction.

In particular, this is the Committed to Road Safety 2019 campaign, the aim of which is to promote the prevention and reduction of serious and fatal accidents at work that occur when travelling to or from work or related activities.

Among the more than 2.900 work centres and 1.000 participating companies, Abengoa was awarded in the category of Company of Excellence, thanks to the preventive, awareness and control measures carried out in the field of road safety in the engineering, supply and construction project of several distribution lines that the company is developing in phase 2 of the Quebrada Blanca mining unit.
